

LET IT GO

Rilès

Oui c'est comme ça, haha
Comment tu dis "Let it go"
Laisse aller
Laisse aller, uh, c'est meilleur comme ça
Hahaha
Bitch I'm 'bout to let that bitch go

Let it go
Take some drugs
Let it fuck you up (Oh yeah, fucked up)
Real slow, slow (Slow, slow)
Let it go (Go, go)
Take some, drugs
Let it fuck you up
Real slow (Listen, I think we have a problem)
Man big, too tight, wow
Shook, I feel my bones
Looking inside, I know
Getting outside, I know
My bitch, lookin' like Kylie Jenner, uh
God, I never wanted better, uh
I'm tryna get sentimental
Tryna give it up, don't let 'em

I don't wanna break down
I've been in the booth, I think for too long, wow

Pitch, mix, combo
Wanna see outdoor
Middle-week, porno
Eee, ee, ee, ee
Pitch, mix, combo
Level thirty-one
Gotta get higher
Eee, ee, ee, ee

Rocketship, where the moon at?
Pink tongue on the drip of the peach fat
Losin' my mind, I'm too high for this
No oxygen when I'm comin' in
And I'm comin' in
And I'm smokin' it
Mouth workin' it
With no collagen
Just bones bitch
I'm skinny but the fat parts juicy
My brown skin with the blonde hair, cutie
Don't look back when the sky's fallin'
Heard it from him, I'm his favorite

Don't you wanna break down?
I've been in the booth, I think for too long, wow

Pitch, mix, combo
Wanna see outdoor
Middle-week, porno
Eee, ee, ee, ee

Pitch, mix, combo
Level thirty-one
Gotta get higher
Eee, ee, ee, ee

What's more, what's more?
Gotta go, go
What's more, what's more?
Gotta go, oh woah

What you mean elephant genes, made to be king
Relevant scheme, my team on it, oh
Mean elephant genes, made to compete and to win
Oh-oh, oh-oh
My bitch lookin' like Kylie Jenner
But I think she a lil' better
It's hard to be sentimental
When it's too wild out here
Yeah it's too wild out here

I don't wanna break down
I've been in the booth, I think for too long, wow

Pitch, mix, combo
Wanna see outdoor
Middle-week, porno
Eee, ee, ee, ee
Pitch, mix, combo
Level thirty-one
Gotta get higher
Eee, ee, ee, ee
