

# LOST IN MY WORLD

Rilès

Tell me my baby, am I so wrong?  
If I can't love you, as much as you want  
Tell me my baby, ain't that enough?  
I know you hate to see me lost in my world

I know you worried  
I can see through your eyes and the woes  
Babe don't stress for me oh, be easy shawty  
I be up all night, trynna change my life  
Find self-love, through my scars on the low  
Ain't easy shawty  
I know that a guy like me, shouldn't be with a girl like you  
I'm better alone, by my side, I'm worse on myself, oh stand by  
I know that a guy like me, can't be with a girl like you  
I'm not anyone, you felt that  
Don't lie, when I'm asking

Tell me my baby, am I so wrong?  
If I can't love you, as much as you want  
Tell me my baby, ain't that enough?  
I know you hate to see me lost in my world

Everyday I'm on the same fight  
Ain't about the limelight, I don't have much time my love  
When this all over I'll be with you shawty  
Trynna make out the matrix, my head is the main risk  
Do not leave me now my love  
I need you on the road to keep on rolling  
Yea I'm stuck in my head  
I'm a nerd, I don't stay  
It feels more like I'm trapped in  
And I talk to myself as if I could answer these problems through distraction  
s

Easy come, easy going  
It's not nice in, can't focus  
Don't dive in, I'm trying  
I'm right in, it's all my fault  
Where's silence?  
Don't zoom in, can't zoom out, it's written  
Who's writing?  
I'm chosen, ain't losing, just moving on  
Don't zoom in, can't zoom out, it's written  
Who's writing?  
I'm chosen, still rising  
Alright then, can't lose it all

Tell me my baby, am I so wrong?  
If I can't love you, as much as you want  
Tell me my baby, ain't that enough?  
I know you hate to see me lost in my world
