

Most Wanted

Rilès

Back from the underground

Chasing me up
Stumble and stop
Still in the Jungle
And cheetahs still been starving for months
See the snakes on the wheel
Evil eye over me
Everybody lookin' at you
He not happy 'bout it
Better run for your life
I'd rather enjoy the ride
Shit is getting really real
But I got no User guide
U-turns all on my side
Suckers all on my sight
Game is finally starting
Rilès
Show what you got

You'll never catch me up
Fire blazing on the highway
I saw down to hell
I'm the most wanted man
You'll never catch me up
Fire blazing on the highway
I saw down to hell
I'm the most wanted man

Free the pressure
Keep on playing
Me never tired
I was alone for too long
See me now, It's too late I'm mad
I might do shit Imma regret
Since I've been fucking la life
But I never was and still not afraid of Luci..
"Shh, don't say his name"

Run motherfucker run
You play too much you think you can fool me more than once
See my face on your mirror
Handek
Enjoy your last ride
I got some sand in my pocket for ya
Three, two, one, motherfucker gon' die
Adios Rilès, It's a matter of time
Now

You'll never catch me up
Fire blazing on the highway
I saw down to hell
I'm the most wanted man
You'll never catch me up
Fire blazing on the highway
I saw down to hell
I'm the most wanted man

Free the pressure
Keep on playing
Me never tired
I was alone for too long
See me now, it's too late I'm mad
I might do shit Imma regret
Since I've been fucking la life
"WAKE UP, WAKE UP, WAKE UP!"

The Devil missed his prey
I'm still the most wanted
The Devil missed his prey
One more time I ran away

Damn,
I was supposed to be dead
Close to Dean
You put me back right in
I know we both made a deal
You grant me life
For a short period
I ain't got much months left
The puzzle started since '14
And soon it will end
Songs been feeling what's next
I'm afraid of what I think
I wasn't ready for it
Time is still the enemy

The Devil missed his prey
I'm still the most wanted
The Devil missed his prey
Mima watched over me
