

Rilèsundayz forever  
I told you  
No matter what  
No matter where  
No matter when

I ain't never getting weak  
Turn a mess  
Into a beast  
I ain't no luck  
Nobody's chosen  
Work it like a Trojan  
Everybody was surrendering  
When I kept on losing

I ain't never getting stressed  
Know my worth  
Respect my name  
Bitch I'm done with fuckin up  
Walking with my gut  
I put in work  
Homie free as fuck  
Now run it up

I'm feeling pumped up (ey)  
Nobody can stop (me)  
Keep with the pace  
Fuck is you sayin?  
Put it on paper  
I cannot stand still (nah)  
This ain't a real deal (for sure)  
Fuck a debate  
Gimme the change  
Deal with your wastings

Independent on a deal  
They wanna fuck me over here  
When never giving up is simply minimum  
Fuck a party I don't chill  
Getting busy on the skills  
Y'all ain't moving  
I am heading to the top

I ain't never getting weak  
Turned a mess  
Into a beast  
I ain't no luck  
Nobody's chosen  
Work it like a Trojan  
Everybody was surrendering  
When I kept on losing

I ain't never getting stressed  
Know my worth  
Respect my name  
Bitch I'm done with fuckin up  
Walking with my gut

I put in work  
Homie free as fuck  
Now run it up

"Ayoyoyo  
Is your deal over with Universal?  
Really? Ok ok  
Yea, I heard they tried to fuck you up  
How you feel about that?"

I ain't never getting back  
Shit was moving whack  
Now I'm independent  
Disrespect never had me trippin'  
Moving through the swamps  
Wrestled alligators  
Fight against the thunder  
Turning goat  
Then I'm out the jungle

But that's a pretty scary bet  
I pray and don't sleep  
Speeding it up, the tempo  
I still pay my mama's house  
Whole ass family on my back, don't crack  
I don't sleep  
I ain't scared of shit  
If getting broke is all I got

Independent on a deal  
They wanna fuck me over here  
When never giving up is simply minimum  
Fuck a party I on't chill  
Getting busy on the skills  
Y'all ain't moving  
I am heading to the top

I ain't never getting weak  
Turn a mess  
Into a beast  
I ain't no luck  
Nobody's chosen  
Work it like a Trojan  
Everybody was surrendering  
When I kept on losing

I ain't never getting stressed  
Know my worth  
Respect my name  
Bitch I'm done with fuckin up  
Walking with my gut  
I put in work  
Homie free as fuck  
Now run it up

Never give up, never gave in  
Never cheated, never fake it  
What you get is what you're giving
