

PKMN (RED)

Rilès

Bitch get outta my way
I can do it again
Fire punching your flows
Catch them hoes
Never catching Ls
Charizard in my team
Bulbausaaur for your band
Rilès killing them leagues
So he went over the rap game
Tell me tell me
Where's my rivals?
I'm still searching y'all
I'm lvl. 100 stuck in P-Town
You can't catch me
Catch me, catch me, catch me
All day cooking in the lab with Oak
Now you know, now you know

Bitch get outta my way
I believe in myself
You can pay all you want
Bitch you'll never have my secret
Master ball on your girl
Master ball on your fans
If you don't understand shit
Where the fuck were you in 2k?
Beby
Gotta catch'em all
I'm talking trophies
Multitasking
Greater than your Eevee
Never outside like a legendary
Like a legendary, like a legendary

Bitch get outta my way
Fire all on my limbs
Shit
I remember
With my brother
24/7 on it
We caught them bitches
Demolished Blue
Reminiscing time
When my only concern
Was to find that goddamn Mewtwo
Now I got to pay them fuckin bills
And momma's getting hella sick
Plus I got issues with my chick
But shit that's how it fucking is
Time's illusion moving slow
But hits you really really quick
When I heard them melodies
I knew my childhood's gone forever
When I heard them melodies
My psyche felt a lil better

Damn I miss that time

But I still got my Game boy with me tho
Boy, what?
Shit.. Ain't no battery in it, fuck

Bitch get outta my way
I can do it again
Fire punching your flows
Catch them hoes
Never catching Ls
Charizard in my team
Bulbausaur for your band
Rilès killing them leagues
So he went over the rap game
Tell me tell me
Where's my rivals?
I'm still searching y'all
I'm lvl. 100 stuck in P-Town
You can't catch me
Catch me, catch me, catch me
All day cooking in the lab with Oak
Now you know, now you know
