

Snakes..!

Rilès

Run motherfucker, run
Don't you slow down
No time for the past
When the present is doubt
Lotta shit to prove and looking behind is the trap
Oh the sand I see right now is only in my hourglass
Run motherfucker, run
Never slow down
No time for the past
When the present is doubt
Gotta lotta shit to do and looking behind is the trap
I was escaping the desert but they've been following my path
Oh
You won't bite me, nah
You can't bite me, nah
Got the pungu in my bag
Don't make me play for ya
Reality's not
Talking to you, why?
Maybe I'm stuck in the desert
Caught up in a mirage

Off of me
Off of me
Fuego at the tip of my fingers
Off of me
Off of me
Lately apples been looking handsome

Oh ready for them rounds
Watch out on the ground
"Oh Lord.."
..he helped me too much
So I won't bother him
No more
Ready for them rounds
Watch out on the ground
Oh Lord
You helped me too much
Now I got snakes jumping on me

Save me now...

Solo but a lot
Embrace my skin, you won't bite my eyes
Next step is the dogs
Damn I brace myself against the wild
Nerves remain in place
Underneath my dirty mule head
Damages on my face
El hamdoulilah my mind
Safe

Off of me
Off of me
Fuego at the tip of my fingers
Off of me

Off of me
Apples never appeared that handsome

Oh ready for them rounds
Watch out on the ground
"Oh Lord.."
..he helped me too much
So I won't bother him
No more
Ready for them rounds
Watch out on the ground
Oh Lord
You helped me too much
Now I got snakes jumping on me

Save me now...
