

Sun Tzu

Rilès

Grab your balls, and jump off the cliff
Here's the jungle, and I shall be the Kalif
And the tiger, I wanna honor my name
At this time, where these tales are insane
And these dreams still the same
Talking shit, they don't fail
I'm the monkey, you're the whale
Well done, now you're dead
Stab you with my head
With billions of brains cells
Have you ever been to hell?
I ring the bell

"It's not safe", shawty I don't give a damn
Diamonds come solo at the end
Woke up in this chrysanthemum
You did, Imma do way more better
When you won't expect, Imma simply just kill you
No weapon, No violence and no hatred
You're the Gallic in the field of Alesia

Sun Tzu told me to know them all, all, all...
In this field I can't feel no love, love, love...

"If you know the enemy and know yourself
You won't fear the result of a hundred battles
If you know yourself but not the enemy
For every victory gained you will also suffer a defeat
But if you know neither the enemy nor yourself
You will succumb in every battle"

Shaky times, the future is fucking up with my past
And the Kärcher, I'm using all over this dirty path
And the passing, is going to grow up like Nicki's butt
Ain't got no other goals in life, just being at the top
Of the mountain, falling to rise the greatest and the biggest
Where this world is, full of dumbasses and dishopefully
Dumb as these, as these, freshy freshy Frenchies
Don't you know what Art is?
What the fuck your Art means!

"It's not safe", shawty I don't give a damn
Diamonds come solo at the end
Woke up in this chrysanthemum
You did, Imma do way more better
When you won't expect, Imma simply just kill you
No weapon, No violence and no hatred
You're the Gallic in the field of Alesia

Sun Tzu told me to know them all, all, all...
In this field I can't feel no love, love, love...

...
