

Unexpected

Rilès

Unexpected turn
That was an unexpected turn
I should've seen it coming
But I am not done
No I'm not
I should've seen it coming
But I am not done
No I'm not

Lately I've been in a rollercoaster mind
And my body cannot follow what's inside
Will I still love me if I retire?
No, I'm not afraid to take the shot
No, I'm not afraid to say goodbye

Unexpected turn
That was an unexpected turn
I should've seen it coming
But I am not done
No I'm not
I should've seen it coming
But I am not done
No I'm not

And I've been thinking 'bout it almost every night
I might sound so crazy 'front of y'all
I'm looking for answers, I see none
So I guess it was written in Time
Next time's probably gonna be the last

Unexpected turn
That was an unexpected turn
I should've seen it coming
But I am not done
No I'm not
I should've seen it coming
But I am not done
No I'm not
