WAVEFORMS

Rilès

When you shake that ass for me
It's about the waveforms
You relieve the pain with it
And you know what I like
Oh I keep slapping it
Cuz I like your waveforms
Cannot help starring at it
Love is your design

Out of my head
Or out of my mind
Need the kind of distraction that puts the focus on sight
Making beats up in morning, mixing em before the evening, mastering on every night
I need to bounce but not the session
Out of my self
Or Out of my life
Going back to earth when it's your waves inside of my palms
Mega pressure every morning, feeling like I start to lose it hopefully I got the best view and with you I live my best life

I don't want to chase to nothing chase nothing else
But the way you moving that body
Oh right I'm tired of my sins but with you it's better than heaven
I don't need to know how you love me
When I see you move that body
Oh right now I'm tired of my life but with you it feels like there's more

When you shake that ass for me
It's about the waveforms
You relieve the pain with it
And you know what I like
Oh I keep slapping it
Cuz I like your waveforms
Cannot help starring at it
Love is your design

Shake it baby mama
You're a star
Keeping the bpm toute la nuit
I like when you come on me with your own style
I know it's not fake when it moves like agua
Baby gently like it like that
What's the frequency inside your body
I don't need more bass you sounding like my type
Teach how to mix with your vibe
Cuz

I don't want to chase to nothing chase nothing else
But the way you moving that body
Oh right I'm tired of my sins but with you it's better that heaven
I don't need to know how you love me
When I see you move that body
Oh right now I'm tired of my life but with you it feels like there's more

When you shake that ass for me
It's about the waveforms

You relieve the pain with it
And you know what I like
Oh I keep slapping it
Cuz I like your waveforms
Cannot help starring at it
Love is your design
