

Grace

RIMON

I dance with grace
Relieve the pain
Erase the grey
Under the trees
I dance with grace
Relieve my pain
Oh na na na, na na na na

I dance with grace
Relieve the pain
Erase the grey
Under the trees
I dance with grace
Relieve my pain
Oh na na na, na na na na

I dance with grace
I dance with grace
I dance with grace
I dance with grace
With grace, with grace, with grace
I dance with grace

Leaning against the bar
I got my drink up in my hand
It looks me in the eye
It looks me deep into my eyes
Follow my step
And take my hand
And have a taste of freedom

I dance with grace
Relieve the pain
Erase the grey
Under the trees
I dance with grace
Relieve my pain
Oh na na na, na na na na

They won't keep me down
No more, no more
I flourish like a flower
From now on, from now on
The shy and the suppressed
Turned into a butterfly
She stood up, no more time to hide

My niggas
My niggas
Get money
My niggas
My niggas
Get money

I dance with grace
Relieve the pain
Erase the grey

Under the trees
I dance with grace
Relieve my pain
Oh na na na, na na na na

I dance with grace
I dance with grace
I dance with grace
I dance with grace
With grace, with grace, with grace
I dance with grace
