

Hypnotizing

RIMON

Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine
Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine

I feel the attention
Let's stretch it, let's stretch it out
I know you lost faith
Let me give you some attention
Let me proof you wrong
I'll be the engine of our falls
Stop stressing, stop stressing
Now keep undressing, undressing now

Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine
Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine

I'll take it how I want it
No compromising in this moment
'Cause baby you're the chosen
I smoke coconut in Times New Roman
Make it rhyme, make it rhyme like a poem
Neon lights, neon lights got us going
Feel the vibe, feel the vibe of the motions, yeah
Got a taste of my devotion

(Let me ride it genuine)

Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine
Hypnotizing, satisfying
Let this honey slip & slide
Mesmerizing, down my shining
Let me ride it, Ginuwine
