Rimzee

I let it slap, they know
Them niggas rat, they know
When I ride I make headline news
Why the feds cancel my headline shows?
Bro hopped out of the shh
Shit, I can't put that in my song
Feels so right when our love do wrong
K made that line just ping, no pong
I let it slap, they know
Them niggas rat, they know
When I ride I make headline news
Why the feds cancel my headline shows?
Bro hopped out of the shh
Shit, I can't put that in my song
Feels so right when our love do wrong
K made that line just ping, no pong

Had to wash my clothes with Daz, not Persil
Couldn't make it for supper cah I told the mandem "One more circle"
Her Majesty, nine pound a week my salary
Did it on a bike so casually, do it like Sons of Anarchy
Financial freedom, yeah I need it
I had to do some tweaking
I'm the one that put in the work
You just wanna get lit every weekend
Bro just got bagged but the case he beat it
Screaming "Bun all the policemen"
Hardest talk but I ain't been touched
I guess that I'm undefeated

I let it slap, they know
Them niggas rat, they know
When I ride I make headline news
Why the feds cancel my headline shows?
Bro hopped out of the shh
Shit, I can't put that in my song
Feels so right when our love do wrong
K made that line just ping, no pong

I just wanna hit the roads sometimes
I just wanna be all alone sometimes
No tick straight cash, if you know then you know
Bro don't do that, you've lost your mind
Why you talk like that? You ain't real like that
On the bench, you ain't out in the field like that
Where I'm from, no cap it's full of rats
Man can defend and all out attack
Had to spin those corners, washing off gang tattoos in the saunas
Catch them like a chorus, tryna make the victory flawless
Had to run from the scene, all the shit that I done for these streets
I shouldn't be repping my block, my block should be named after me
Close range shootouts, jails and cheffings
Life taught me lessons, shit I gotta count my blessings
All I need in this life of sin, ten pound phone and a Lyca SIM
Do it for my brudda like a next of kin

I let it slap, they know

Them niggas rat, they know
When I ride I make headline news
Why the feds cancel my headline shows?
Bro hopped out of the shh
Shit, I can't put that in my song
Feels so right when our love do wrong
K made that line just ping, no pong
I let it slap, they know
Them niggas rat, they know
When I ride I make headline news
Why the feds cancel my headline shows?
Bro hopped out of the shh
Shit, I can't put that in my song
Feels so right when our love do wrong
K made that line just ping, no pong
