Rimzee

Once I was 7 years old my Mumma tell me say  
Dey be careful of the friends you roll with  
18+ 'cause this one no be child play  
Don't judge me I'm only human, I'm only human

They rather sit around wait for a bringing  
It's only working cah I'm working  
Boujee gyal gotta wap in the Birkin  
Back then it was op block circling  
Used to be my broski, that serpent  
Make am anti, I'm just observing  
If I done you wrong, I'm just human

Wake up and smell the coffee  
Sacred money make no money  
Hustle till the family comfy  
Till my back yard a country  
Only cause of du'a I get this far  
Only cause of du'a my enemies fall  
Sticky to lo mu wa not the one for suya  
Told him not to do am but he still do am

I laid my head in the council flats  
Me a criminal really high stats  
I've been cheffed and cheffed back  
Been in defence, I've defo attacked  
I've grown older, I've grown wiser  
Street business, I'm the silent partner  
Man in the dance, ain't a dancer  
He's on payroll, done your dance, one timer

They rather sit around wait for a bringing  
It's only working cah I'm working  
Boujee gyal gotta wap in the Birkin  
Back then it was op block circling  
Used to be my broski, that serpent  
Make am anti, I'm just observing  
If I done you wrong, I'm just human

Looking at my life I couldn't picture this  
They rap about the streets I'm really living it  
How much years we lost to this prison shit  
I can't tell em put it down I be a hypocrite  
Don't regret things I was doing  
Op block, I used to be nuisance  
I memba One day two bootings  
But don't judge me, aki I'm just human  
Still Parro any time I hear them sirens  
Limousine tint any car that I'm driving  
In the streets there ain't no love  
And when your moneys up, tell me who you can trust?  
I let it ring like assembly  
I leave yard, pray boy don't test me  
She staring at my day date 40  
But she can't feel my pain and she don't know my story

They rather sit around wait for a bringing

It's only working cah I'm working  
Boujee gyal gotta wap in the Birkin  
Back then it was op block circling  
Used to be my broski, that serpent  
Make am anti, I'm just observing  
If I done you wrong, I'm just human

I'ma grind for change before I think about changing you  
The time on my watch, got no clue  
Chase money like usain girl I can't chase you  
Can't have my mind on you  
Cause I struggled for electricity  
Now I'm shining all over my city  
Baby please don't lie to me  
If you love me, I love you till infinity

6 shots I'm way pass tipsy  
Memories buried pass 6 feet  
Cause I ain't looking back again  
Bro got a new toy with no packaging  
Gotta stay packing cause ls can't be lackin'  
Christmas Day on the block it was chapping  
Should of been in chapel og got the Charlie no Chaplin  
Bro said the cat line me I was menerva  
You don't got the nerve nah

They rather sit around wait for a bringing  
It's only working cah I'm working  
Boujee gyal gotta wap in the Birkin  
Back then it was op block circling  
Used to be my broski, that serpent  
Make am anti, I'm just observing  
If I done you wrong, I'm just human
