Rimzee

Yo, uh

Keep going, I know the grinds slow keep going
Tryna build that phone keep going
That fine ain't ringing keep going
Dreams of a million keep going
I know that grinds slow keep going
Tryna build that line keep going
That phone ain't ringing keep going
Dreams of a million keep going

Can't even gas the ting
Them broke days was embarrassing
But I knew I make I was adamant
Before my soldier learned how to lock it
Fucked up and blew my profit
Them times I was spending money faster than I got it
Used to be poor nigga then I found the formula
Told mummy don't worry I'm doing this for all of us
100 fiends on my call list, my runner lost the pack and I was all in
He tried run but I caught him
Should of been grey I lost 2 much skwilla
Lost it in the pot he blamed it on the dinner
Remember that? Uh
But I still love you bro you're still my nigga
I lives what they rap
15 selling crack
Mummy found my dinners
Big bro took the rap
I sold more bottoms than Moss Brothers really bagged up in the stock cupboard

Keep going, I know the grinds slow keep going
Tryna build that phone keep going
That fine ain't ringing keep going
Dreams of a million keep going
I know that grinds slow keep going
Tryna build that line keep going
That phone ain't ringing keep going
Dreams of a million keep going

Doing deals like majors Flew o to get wages
Reed up on the runners and Feds raided
It could've been me
Still done me for conspiracy
Had Cuffs on my wrist like Tiffany
Ima Trap boy I don't know bout the F game
In da trap with More rocks than mma
So much L's but we turn them in W's
Batinas kitchen I was in there Turning 1 to 2
They say with more money comes the problems
The cat stole the work I flew OT I was on them
Thenes pinning up me and them boys ain't similar
Never bought a line ak we built them up
Seeds I planted they were fruitful
Put on useless niggas made them niggas useful
Showed them fish scales not mackerel

Taught them bout manital I put them through trap Skl
Keep going, I know the grinds slow keep going
Tryna build that phone keep going
That fine ain't ringing keep going
Dreams of a million keep going
I know that grinds slow keep going
Tryna build that line keep going
That phone ain't ringing keep going
Dreams of a million keep going
