

# Imagining

Rina Sawayama

Could we be imagining  
Could we be imagining  
Could we be-

Wide awake  
Didn't mean to lose my precious mind today (Mind today)  
Sick to the waking of so far away (So far away)  
I don't know if Mercury's in retrograde  
Am I okay? Nah

I don't wanna get too close, shit gets complicated (Ah)  
I don't wanna take it off, emotionally naked (Ah)  
Really don't feel too good, fake it 'til you make it (Ah)  
I don't wanna talk right now, got me agitated

I'm imagining  
So tell me what the fuck is up? What's happening?  
Right now my sanity is gone, it's vanishing  
I know I do this to myself, it's damaging  
I, I, I, I, I, I, I, I'm imagining  
So tell me what the fuck is up? What's happening?  
Right now my sanity is gone, it's vanishing  
I know I do this to myself, it's damaging  
I, I, I, I, I, I (Oh)

Could we be imagining?  
I, I, I, I, I, I

My belly aches—lay, okay?  
Suddenly I find it hard to concentrate, yeah  
Struggling to recognize a side of me, uh  
I just wanna short circuit the night away  
Am I okay? Nah

I don't wanna get too close, shit gets complicated (Ah)  
I don't wanna take it off, emotionally naked (Ah)  
Really don't feel too good, fake it 'til you make it (Ah)  
I don't wanna talk right now, got me agitated

I, I, I, I, I, I, I, I'm imagining  
So tell me what the fuck is up? What's happening?  
Right now my sanity is gone, it's vanishing  
I know I do this to myself, it's damaging  
I, I, I, I, I, I, I, I'm imagining  
So tell me what the fuck is up? What's happening?  
Right now my sanity is gone, it's vanishing  
I know I do this to myself, it's damaging  
I, I, I, I, I, I, I, I'm imagining  
So tell me what the fuck is up? What's happening?  
Right now my sanity is gone, it's vanishing  
I know I do this to myself, it's damaging

Could we be imagining?  
Could we be imagining?  
Could we be imagining?  
Could we be imagining?  
Could we be imagining?

Could we be imagining?  
Could we be imagining?  
Could we be imagining?
