

# Phantom

Rina Sawayama

Once upon a time  
There was a girl, pleasing the world  
Dying to be liked, looking for love  
Wanting to trust

Stickers and scented gel pens  
Give possessions  
Get friends  
Breaking off pieces, things started to change  
I've been tryna find her since, she gave a little too much away

I don't wanna do this without you  
I don't wanna do this if you're just a ghost in the night  
I tried everything to fill up the void that you left me with  
My phantom

Phantom

If I could talk to you, I'd tell you not to rush  
You're good enough  
You don't have to lose, what makes you you  
Still got some growing to do

When did we get so estranged  
Haunted by the way I've changed  
Claiming back the pieces of me that I've lost  
Reaching in and hoping you're still, waiting by the windowsill  
I'd bring you back to us

I don't wanna do this without you  
I don't wanna do this if you're just a ghost in the night  
I tried everything to fill up the void that you left me with  
My phantom

I was wrong to assume, I would ever outgrow you  
I need you now, I need you close  
How do you hold a ghost  
Inner child, come back to me, I wanna tell you that I'm sorry  
I'm sorry

I don't wanna do this without you  
I don't wanna do this if you're just a ghost in the night  
I tried everything to fill up the void that you left me with  
My phantom

Don't wanna do this without you  
Don't wanna do this if you're locked away in my mind  
I tried everything to fill up the void that you left me with  
My phantom

Phantom, phantom  
Phantom, phantom

Once upon a time  
There was a girl  
Dying to be liked  
Looking for love

I don't wanna do this without you
