

STFU!

Rina Sawayama

Let's go
I want to know, I want to know, yeah
I want to know, I want to know, yeah
I want to know, I want to know, yeah
I want to know, I want to know

Silence finally in my head
But it's too late, you already left
You're preaching even though I'm dead
Like the first time, I'm in my prime

How come you don't expect me
To get mad when I'm angry?
You never seen it done
I know I'm not the only one
How come you don't respect me?
Expecting fantasies to
Be my reality
Why don't you just sit down and...

Shut the fuck up, shut the fuck up (You, uh-huh)
Shut the fuck up, shut the fuck up
Shut the fuck up, shut the fuck up (You, I see you)
Shut the fuck up
Have you ever thought about taping your big mouth shut?
'Cause I have, many times, many times

I want to know, I want to know, yeah
I want to know, I want to know, yeah
I want to know, I want to know, yeah
I want to know, I want to know

Patience overrated
If you want it, come and get it
That feeling, eating at my chest
Rips me open, rips me open

No, never naturally negative, no
I don't wanna be that girl again, 'cause
I've been done and been through more friends
Than I can count on my fingertips

How come you don't detest me?
I am your medicine
And your reality
Why don't you just sit down and...

Shut the fuck up, shut the fuck up (You, uh huh)
Shut the fuck up, shut the fuck up
Shut the fuck up, shut the fuck up (You, I see you)
Shut the fuck up
Have you ever thought about taping your big mouth shut?
'Cause I have, many times, many times
Have you ever thought about taping your big mouth shut?
'Cause I have, many times, many times

Like the first time, like the first time

Like the first time, like the first time
Like the first time, like the first time
Like the first time

Like the first time is
Like the first time is
Like the first time is
Like the first time is
