

A Mouse Like Me

Ringo Starr

Now you can count on me
I'll be there you'll see
On the stage of the Carnegie Hall

When the house lights go down
That's when I'll come on
For I'm a mouse and I'm really quite small

'Cause a mouse like me belongs to the world
And the world is a great place to be
And a mouse like me just sings for the world
That goes 'round and 'round for free

You can count on me
I'll be there you'll see
I'll be there when you need a friend

When you're feeling down
That's when I'll be your clown
And we'll sing our songs to the end

'Cause a mouse like me belongs to the world
And the world is a great place to be
And a mouse like me just sings for the world
That goes 'round and 'round for free

A mouse like me belongs to the world
And the world is a great place to be
And a mouse like me just sings for the world
That goes 'round and 'round for free

A mouse like me belongs to the world
And the world is a great place to be
And a mouse like me just sings for the world
That goes 'round and 'round for free

A mouse like me belongs to the world
And the world is a great place to be
And a mouse like me just sings for the world
That goes 'round and 'round for free
