Adeline

Ringo Starr

Life is good
Life is kind
Take a breath
Adeline

Life is good
But not all the time
But everybody can be safe

No promise of tomorrow
No longing of the past
Thankful for this moment
However it may last

The quiet interactions
The coming of the truth
The strength we give each other
No matter what we do

Life is good
Life is kind
Take a breath
Adeline

Life is good
But not all the time
But everybody can be safe

All in this together
Strangers on a train
Riding towards freedom
Somewhere along the way

Walk along the shoreline
Captured by the view
Searching for an answer
That's right in front of you

Life is good
Life is kind
Take a breath
Adeline

Life is good
But not all the time
But some of us can be safe

Love for all
All for love
Someone's watching from the skies above

Life is good
But not all the time
But all of us can be safe

We've got to stand up for each other
Send our words straight up to the sky

Life is good
Life is kind
Take a breath
Adeline

Life is good
But not all the time
But all of us can be safe

Come on everybody!

Love for all
All for love
Someone's watching from the skies above

Life is good
But not all the time
But everybody can be safe
