

# Coming Undone

Ringo Starr

Coming undone  
Coming undone  
What can you do when you're coming undone

You can go to a movie  
Take a walk in the park  
Take a pill to bring you back down  
Fade away in the dark

Coming undone  
Coming undone  
What can you do when you're coming undone

You can float up to the clouds  
Take a bath in the rain  
Lock the doors and stay in bed  
And hope it all goes away

Coming undone  
Coming undone  
What can you do when you know that you're coming undone

You can search for a panic attack  
Google someone you love  
Rearrange your furniture  
Send a message above

Coming undone  
Coming undone  
What can you do when you know that you're coming undone  
Coming undone  
Yeah, yeah  
Coming undone  
What can you do when you're coming undone  
That's what you do when you're coming undone  
That's what you do when you're coming undone
