

# Feeling The Sunlight

Ringo Starr

It's me, I'm checking around  
Trynna make sure everybody's safe and sound  
Feeling okay, doing alright  
Sharing the love

And feeling the sunlight in the air  
Sunlight everywhere  
Sometimes it's good to admit  
That you just don't care

Hey, you, come out of the rain  
Dry yourself off, and remember, don't complain  
'Cause everything's good, and everything's right  
Sharing the love

And feeling the sunlight in the air  
Sunlight everywhere  
Sometimes you've got to admit  
That you just don't care

Sunlight warming my heart  
Making me feel like we're just getting started  
Sunlight spreading the love  
All over the world  
Peace and love

Sunlight in the air  
Sunlight everywhere  
Sometimes it's good to admit  
That you just don't care

Sunlight warming my heart  
Making me feel like we're just getting started  
Sunlight spreading the love  
All over the world

It's me, I'm back in the sun  
Got to be sure everybody's having fun  
Feeling okay, doing alright  
Sharing the love

And feeling the sunlight in the air  
Sunlight everywhere  
Sometimes it's good to admit  
That you just don't care

I'm feeling the sunlight in the air  
Sunlight everywhere  
Sometimes it's good to admit  
That you just don't care
