

# Gonna Need Someone

Ringo Starr

Hard to feel when you can't love  
Hard to see when you've given up  
Getting lost like a big black dog

Chasing down old memories  
The ones buried underneath  
Retribution for the cause

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

It becomes the overkill  
Leaving all your love in the dust  
Breaking down on the way  
No-one left for you to trust

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Black dog in the rain  
Black dog in the rain  
Black dog in the rain

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love

Gonna need someone (need someone)  
Gonna need someone (need someone)  
You gonna need someone  
Someone to love
