

# Island in the Sun

Ringo Starr

Is not what you got  
It's what you give  
It's not how you die  
It's how you live  
It's not what you read  
It's what you solve  
It's not what you keep now  
It's what you let go

Well, Now now easy does it  
Make this moment last  
Don't worry about the future  
Don't forget about the past

It don't really matter  
Where I've been  
Or what I've done  
I just keep on searching  
For that island in the sun  
I'm just searching  
For that island in the sun  
I'm gonna find my island in the sun

No No location  
It ain't on the map  
It takes concentration  
All into your lap  
It ain't in the whiskey  
It ain't in the drug  
It could be a woman with you  
Who leads you to love

Easy does it  
Make this moment last  
Don't worry about the future  
Don't forget about the past

Don't really matter  
Where I've been  
Or what I've done  
I just keep on searching  
For that island in the sun  
I'm just searching  
For that island in the sun  
I'm gonna keep on searching  
Island in the sun

Once upon a time  
I couldn't move without a spliff  
Then I wouldn't stop hiding  
I got so much more to give  
I got so much more to give  
I got so much love to give

It don't really matter  
Where I've been  
Or what I've done

I just keep on searching  
For my island in the sun  
I'm just searching  
I'm gonna keep on searching  
For that island in the sun  
Island in the sun  
I got to keep on searching  
Island in the sun
