

# Let's Be Friends

Ringo Starr

You say this world is all divisions and problems  
You think that we were born as sworn enemies  
You tell yourself that we got nothing in common  
Hey brother, I disagree

Let's get up, down  
Shake it out  
Take it to the ocean  
Let it sink in  
Sink or swim  
Sing it once again  
Let's get up, down  
Drown it out  
Flip the TV over  
Everybody start making sense

Let's be friends  
Sometimes we're up  
Sometimes we're down, down  
Let's be friends  
Peace and the Love  
Can turn it around and around  
Let's be friends

Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Let's be friends

You wanna sit and stir the pot till it boils  
You light the wick so you can fan up the flames  
Stay separated like the water and oil  
Hey sister, quit playing games

Let's get up, down  
Shake it out  
Take it to the ocean  
Let's it sink in  
Sink or swim  
Sing it once again  
Let's get up, down  
Tune it out  
Flip the TV over  
Everybody start making sense

Let's be friends  
Sometimes we're up  
Sometimes we're down, down  
Let's be friends  
Peace and the Love  
Can turn it around and around  
Let's be friends

Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah  
Let's be friends

Let's be friends

Oh yes

No stress

Let's laugh it up together

All together now

Oh yes

No stress

Let's laugh it up together

All together now

Let's be friends

Yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah, yeah

(I know that we can be friends)
