

Send Love Spread Peace

Ringo Starr

Send love, spread peace
It's all in the world we need
Do all that needs done
To reach out to everyone
Imagine what a wonderful world it could be
(Wonderful world it could be)
Send love, (Send love) spread peace

When you feel there's nothing you can do
Close your eyes, visualize
It's up to you

Send love, (Send love) spread peace (Spread peace)
It's all in the world we need
Do all that needs done
To reach out to everyone (Reach out to everyone)
Imagine what a wonderful world it could be
(Wonderful world it could be)
Send love, (Send love) spread peace

Imagine what a wonderful world it could be, yeah
(Wonderful world it could be)
Send love, (Send love) spread peace
Send love, (Send love) spread peace (Spread peace)
Send love, (Send love) spread peace
Send love
