You could catch me at your ho house  
In the kitchen fryin' chicken with my toes out  
Before I made some rap pape', I had a dopehouse  
Gave the bitch a line of blow and brought the ho out her  
Beat her down and drop her off, bro, that's your problem  
I just lucked up, got a whole 'nother pint of Wock', I paid four dollars  
Take an eight out, then hit it, then sell a pint for four thousand  
Hundred-thousand-dollar crib, I'm finna grow out it  
They fuck around and had to close Saks, we bought the store out  
Half-off sale on the zips today, we had a blowout  
Hit his nappy-head-ass in the top, pick his fro out

On my way to the studio with some dope with me

Finna sell his ass a verse and some work, I need his whole pocket  
Okay, I see y'all bought a couple AKs, I'm finna buy a rocket  
Got my tooth pulled, then smoked a Black, I got dry socket
