

# 327BPM

Riovaz

Staying the night again  
It's been so hard to be on my own  
Sit with me and pretend  
Just tell me I'm in the way

That's not what I want  
(Stay, don't push away, stay, don't-)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Just stay don't push away  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Push away  
(Stay, don't push away, stay, don't push away)

I don't know why I panicked in the first place  
I can't think straight just say that you're worth it  
I don't blame you I know I deserve this  
I'll keep my eyes wide open

That's not what I want  
(Stay, don't push away, stay, don't-)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Just stay don't push away  
That's not what I want  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away  
(Stay, don't push away, stay, don't push away)  
Stay, don't push away  
Push away
