Baby I'm just sayin'
You'll see me I get home
It doesn't have to be this way
It doesn't have to be the same
So tired of waiting
Why can't I hold your face?
My mind tells me you're fed up
My mind tells me you're saying

Taking back the time (come on)
Give you time to change it
It's time to change
Yeah
No
Yeah
Can I try
Can I try
Can I
Can I
Can I
Can I
Can I

We lost the connection
I had no sense in direction
You lost your faith in me
I used to think your safe
I'm taking back the time
I'm taking back the time
Taking back whats mine
I don't wanna find what I try
When I try

Taking back the time (come on)
Give you time to change it
It's time to change
Yeah
No
Yeah
Can I try
Can I try
Can I
Can I
Can I
Can I
Can I

Taking back the time
