

## dont kill my fun

Riovaz

I don't understand why you're in my bedroom  
Wish had the words to say to you (say to you)  
Now say it is it time, when your lover wants to take my side  
I'll say it's a sign that I can't let go, say bye

Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Don't kill my fun  
Don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Don't kill my fun

You left me girl just tell him what you feel at once  
Feel so alone  
When you don't notice  
Smile in my face  
But you don't know me  
No you don't know me  
But you don't know me  
No you don't know me  
But you don't know me

Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Don't kill my fun  
Don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun  
Miss you as well, but I see the sun  
Don't waste my time, don't kill my fun
