

Endless Desire

Riovaz

She said she love me
Do you really want me
Are you lying again?
Hope, she sees me as a man of love
And just not a friend
And baby I
Guess it's too good to be true with you
And baby I
Just dreamed that I can be with you
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
Messing with my head
I want to know girl what you think of me
Said you wanted "comfort"
Then touch base, baby explain to me
Cuz I need you
Can't you see
She left me too
No place to ease
(I can't help myself)
(When it comes to you my love)
(I can't help myself)
(When it comes to you my love)
She said she love me
Do you really want me
Are you lying again?
Hope, she sees me as a man of love
And just not a friend
And baby I
Guess it's too good to be true with you
And baby I
Just dreamed that I can be with you
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
Baby why you playing with me
Didn't have to let me go
Baby why you messing with my head? I really want to know
