

## see u there

Riovaz

Meet you in the deep end  
Gotta see you when the sun falls down, cause I'm in love  
If we're to love again  
Meet you in the deep end  
Girl I see you when the lights go out, you're never enough  
When my time is gone my love, its floating away again  
Floating away again  
See you at home  
Ain't gotta match your heart  
And now my patience gives in

Cause I'll meet you in the  
Cause I'll meet you in the  
As time goes on again, again, again, again

Meet you in the deep end  
Gotta see you when the sun falls down, cause I'm in love  
If we're to love again  
Meet you in the deep end  
Girl I see you when the lights go out, you're never enough  
When my time is gone my love, its floating away again
