

Shine

Riovaz

(I-I-Is mayonnaise an instrument?)

I have to shine with you
I don't want you baby, what you tryna do?
Diamonds on my neck, and my neck be blue
Counting up these hundreds 'till my fame gets blue
I have to shine with you
I don't want you baby, what you tryna do?
Diamonds on my neck, and my neck be blue
Counting up these hundreds 'till my fame gets blue

To shine with you
Shawty all up on me, get off me boo
Shawty only want me to count all these blues
She be lyin' but, I know the truth
Why you do this to me?
Shawty never wanted to show love on me
Aye, show love on me
Show love on me

I have to shine with you
I don't want you baby, what you tryna do?
Diamonds on my neck, and my neck be blue
Counting up these hundreds 'till my fame gets blue
I have to shine with you
I don't want you baby, what you tryna do?
Diamonds on my neck, and my neck be blue
Counting up these hundreds 'till my fame gets blue

'Till my fame gets blue, aye
'Till my fame gets blue, aye
'Till my fame gets blue, aye, yuh
