

Tantrum (Pace Yourself)

Riovaz

Your deception grows on its own
Cause I can't be the one you want
My reflection has mirrored my soul
Don't wanna be the one you choose

I'm fine baby I'm the one who's stopping me
I love me way too much girl I'm my ecstasy
I'm fine baby I'm the one who's stopping me
I love me way too much girl I'm my ecstasy

I'm tired of my lying baby I don't really want your trust
Don't think I'll ever get to speaking up
Girl pace yourself

Cause tell me what you think
I seen the love right through your eyes but I don't feel a thing
I'm tired of comparisons I'm who I wanna be
I see the other people they don't think the same as me
I see the other people I don't answer
Ooooo
Ooooo

I'm fine baby I'm the one who's fine baby I'm the one who's stopping me
(The one who's stopping me)
I'm fine baby I'm the one who's fine baby I'm the one who's stopping me
(The one who's stopping me)
