

## Until It's Real

Riovaz

In this life of mine  
Don't you tell me how to feel  
I won't ever get no better  
Until you come sincere

I can't take my words back until it's real  
And I have lost my head and it's how I feel  
I can't take my words back until it's real  
And I have lost my head and it's how I feel

I'll meet you in the night time  
Is it worth the wait?  
Do you care at all?  
Do you see?

In this life of mine  
Don't you tell me how to feel  
I won't ever get no better  
Until you come sincere

I can't take my words back until it's real  
And I have lost my head and it's how I feel  
I can't take my words back until it's real  
And I have lost my head and it's how I feel

I'll meet you in the night time  
Is it worth the wait?  
Do you care at all?  
Do you see?
