

## Goon Squad

Ripe

Jon sparks his cigarette  
Hands it off to Michael  
While he asks aloud if he should take Liz home again  
Mike just spits and grins  
And, drinkin' in his smoke, tells Jon  
"It's time you learned to swim, if you know what I mean"

Sometimes, your friends will be your fix  
Sometimes, your upturned fist  
But if you are learnin' to live like this, yo  
Well, I can teach you to live like this, yeah  
Like this  
Like this, like this, like this, like this

And we'll  
Shoot right between the eyes  
With a message from on high  
There's no tomorrow 'til you've earned it  
And I'll  
Light fires through the night  
I'm not tryin' to just survive  
I want to live 'cause I deserve it  
So don't you worry  
Don't you worry  
The goon squad's gonna show you how  
Don't you worry  
Don't you worry  
The goon squad's gonna show you how  
Goon squad shows you how

To live life free of chains  
Shackles on the ground, outstretch your arms  
Then turn around and find you're home again  
And when you get there, you will see  
The friends you've made along the way  
They start to look like family, if you know what I mean

Sometimes, your friends will be your fix  
Sometimes, your upturned fist  
But if you are learnin' to live like this, yo  
Well, I can teach you to live like this, yeah  
Like this  
Like this, like this, like this, like this

And we'll  
Shoot right between the eyes  
With a message from on high  
There's no tomorrow 'til you've earned it  
And I'll  
Light fires through the night  
I'm not tryin' to just survive  
I want to live 'cause I deserve it  
So don't you worry  
Don't you worry  
The goon squad's gonna show you how  
Don't you worry  
Don't you worry

The goon squad's gonna show you how, how

How to feel it in your bloodstream  
Louder than your heartbeat  
Teach me what the words mean  
And I will sing along  
Feel it in your bloodstream  
Louder than your heartbeat  
Teach me what the words mean and I'll join you singin'  
Feel it in your bloodstream  
Louder than your heartbeat  
Teach me what the words mean and we will sing along  
Feel it in your bloodstream  
Louder than your heartbeat  
I'll teach you what the words mean if you'll join me singin'

We'll  
Shoot right between the eyes  
With a message from on high  
There's no tomorrow 'til you've earned it  
And I'll  
Light fires through the night  
I'm not tryin' to just survive  
I want to live 'cause I deserve it  
Don't you worry  
Don't you worry  
The goon squad's gonna show you how  
Don't you worry  
Don't you worry  
The goon squad's gonna show you how

No, no, don't you worry  
Don't you worry, hey, hey, hey  
Oh, the goon squad's gonna show you how  
Don't you worry  
The goon squad's gonna show you how  
The goon squad shows you how  
(Oh, whoa-oh, hey, hey, hey)  
Oh, the goon squad, the goon squad's gonna show you  
(No, hey, hey, hey)  
Oh, the goon squad's gonna show you how
