

# Paper Cups

Ripe

I've been worried 'bout the payout  
Worried 'bout the wasted time  
Went and had a moment by the mountainside  
I've been starin' at the patterns  
I've been learnin' how to ease my mind  
Tryin' to see what matters  
I fuck up sometimes

Does it ever come easily  
Will it be waitin' for me  
Break my neck to try to see  
Exactly where we're goin'

Is it enough  
Or am I just fillin' up paper cups  
Til I spill out and you clean me up  
Til I freak out and you pick me up  
Is it enough  
Or am I just fillin' up paper cups  
Til I spill out and you clean me up  
Again

We were lookin for a way out  
We stayed up for one last night  
Said we had a good run  
Then we said goodbye  
I've been worried bout the payout  
Don't know how to live my life  
Hopin' I have more time  
Left to get it right

Does it ever come easily  
Will it be waitin' for me  
Break my neck to try to see  
Exactly where we're goin'

Is it enough  
Or am I just fillin' up paper cups  
Til I spill out and you clean me up  
Til I freak out and you pick me up  
Is it enough  
Or am I just fillin' up paper cups  
Til I spill out and you clean me up  
Again

(Does it every come easily)  
(Will it be waitin' for me)  
(Break my neck to try to see)  
(Exactly where we're goin')

Is it enough  
Or am I just fillin' up paper cups  
Til I spill out and you clean me up  
Til I freak out and you pick me up  
Is it enough (is it enough)  
Or am I just fillin up paper cups  
Til I spill out and you clean me up

Again

(Spillin' out of paper cups)
