Rise Of The Northstar

Go to the Koshien!

Futago school, Break the rules  
Hit my teacher, welcome in my hood  
Baseball club, a good protection  
For my friends and all corruptions!

For all these guys who steal our Koshien  
We will, still fuck you all!  
You don't believe in my generation  
We will, still fuck you all!  
Kawato, Save my soul!

Fuck you, fuck your rules, fuck you all  
If you want to test me, smash this ball  
With your bat, with your heart, with your soul  
I don't care, the field is our ring now!

I see all the people who want to stop us  
Against all these guys who want to break us  
The will to win and our heads full of dreams  
The power of my teacher, AND ALL MY TEAM!  
Kawato, Save our souls!

We have resisted all this time  
We will, still fuck you all!  
If you try to rape my mind  
We will, still fuck you all!

We are just novice Rookies, Just fucking Rookies  
Bitch!

Megurogawa, Yoga dai-ichi
