

# Lighthouse

Rising Insane

Looking down  
Silent sound  
I hear you whispering out  
You're too far down  
To make it back up

Heavy burden on your shoulders  
Restless under fading colours  
Looking down  
It's not enough

You can tell me when there's something wrong  
You can tell me when your faith has gone  
If you drown in emotions  
Lost in the open  
I will always be your lighthouse

I do know  
The place you roam  
Is painful  
I can recall  
I had it all  
And still I struggle

When I look back  
There are so many things that I see  
And if you ask  
This is not what I thought I would be  
And sometimes I even wish  
I could change who I am  
But it's important to love yourself

You can tell me when there's something wrong  
You can tell me when your faith has gone  
If you drown in emotions  
Lost in the open  
I will always be your lighthouse

Take you to the oceans end  
Lighting up the darker days  
Wherever you're going  
I want you to know that  
I will always be your lighthouse

Tell me how  
Can we make it out  
In the darkest hour  
I don't care, I'll be there with you

Tell me how  
Can we make it out  
In the darkest hour  
I don't care, I'll be there with you  
With you

You can tell me when there's something wrong  
You can tell me when your faith has gone

If you drown in emotions  
Lost in the open  
I will always be your lighthouse

Take you to the oceans end  
Lighting up the darker days  
Wherever you're going  
I want you to know that  
I will always be your lighthouse
