

PARALYZED

Rising Insane

I'm paralyzed

I lay down on the floor
Floating into the void
How did I get here all alone?
Lost and homeless with no hope

Maybe it's me, maybe it's just you
But since you left me I'm bleeding through
What used to be can't come back
Locked-in this room the world turns black

I think I'm out of my mind, I'm drowning
These walls don't make it feel right, I'm paralyzed
I swear, I've lost every hope in this world
I think I'm out of my mind, I'm paralyzed

My home is not here
All our memories: disappear
What we lived together won't ever come around
I can't erase it
Life is playing with me, I cannot escape this

I think I'm out of my mind, I'm drowning
These walls don't make it feel right, I'm paralyzed
I swear, I lost every hope in this world
I think I'm out of my mind, I'm paralyzed

Can't move
Can't breathe
Can't feel
I'm fucking paralyzed now

I think I'm out of my mind, I'm drowning
These walls don't make it feel right, I'm paralyzed
I swear, I lost every hope in this world
I think I'm out of my mind, I'm paralyzed
