

# War

Rising Insane

Something is wrong, something is going on, something that I can't see  
It's like a war inside me  
I'm feeling lost, feeling trapped, I think they call it anxiety  
Why do I feel so empty

It's like a parasite, living inside my mind  
Leaving a mess behind  
Call the alert  
Can't you hear this sound

The clock's ticking but the time stands still 'cause I'm lost again  
War inside me, I can't see clearly  
Lights are fading but I'm blind in my prison anyway  
Running backwards, get closer to the edge  
Closer to the edge

Something is wrong, something is going on, something that I can't see  
It's like a war inside me  
I see you talking to me, but there is nothing I hear  
Is this meant to be real

I feel a crack in my head  
My own personal threat  
Is this meant to be me  
Can't you hear this sound

The clock's ticking but the time stands still 'cause I'm lost again  
War inside me, I can't see clearly  
Lights are fading but I'm blind in my prison anyway  
Running backwards, get closer to the edge

Hoping my steps will carry me home  
I can not do this alone  
War inside me  
I can't see clearly  
But nothing's left and everyone's gone  
I gotta face the storm  
Running backwards  
Get closer to the edge

Hoping my steps will carry me home  
I can not do this alone  
I feel I'm all alone here

Nothing's left and everyone's gone  
I gotta face the storm  
Hoping my feet will carry me home  
I can not do this alone

I feel like I'm meant to be left alone  
So I just hope my steps will carry me home  
Can't you see the war inside me, fighting every day  
Is this meant to be real, why is this all on me  
It's like a parasite, living here inside my mind  
I'm going down now  
Call the alert
