

# Doing Fine Without You

Rita Coolidge

When you walked out my door  
It was plain to see  
That your plans for the future  
Did not include me  
Well, it's ten to one, baby  
And I'm keeping score  
So if you wonder how I'm doing  
Well, wonder no more

'Cause I'm doing fine without you  
You've got lots of time to think about me  
I can't wait no more  
You can't come around knocking  
On my bedroom door  
For some sympathy

If you want to call me  
You'll have a hard time  
'Cause I've changed all my numbers  
Does that give you a sign  
You made a big mistake baby  
Don't come around no more  
All bets are off  
And I done evened the score

'Cause I'm doing fine without you  
You've got lots of time go on and think about me  
I can't wait no more  
You can't come around knocking  
On my bedroom door  
For some sympathy

You left me all alone  
All of my heartaches have been here and gone  
I'm not here hanging on  
When you gave you up you were wrong

'Cause I'm doing fine without you  
You've got lots of time to think about me  
I can't wait no more  
You can't come around knocking  
On my bedroom door  
For some sympathy

I'm enjoying my time  
I haven't thought about you  
You've got lots of time go on and think about me  
I can't wait no more  
You can't come around knocking  
On my bedroom door  
For some sympathy  
'Cause I'm doing fine without you  
You can't come around knocking  
Don't want your sympathy
