

## My Crew

Rita Coolidge

Can I sing a song for you?  
My crew  
Like the song I used to play  
With you

I was gone so long before you missed me  
I didn't even know I was a gypsy  
I'm singing this song because my eyes are misty  
Because we're through  
(We're through, we're through)  
My crew

There's that cross we'll cross again  
My friends  
And the song that we will play  
Will have no end

We'll sail a sea of song like a band of gypsies  
We'll lay our burdens down and play for free  
Laugh and cry as eagles die  
And we'll be coming home one day  
Let the music play

We'll sail a sea of song like a band of gypsies  
We'll lay our burdens down and play for free  
Laugh and cry as eagles die  
And we'll be coming home one day  
(One day, one day)  
Let the music play

Uhumuhum, my crew  
Uhumuhum, uhumhum, uhumuhum  
Uhumuhum, my crew
