

Flame

Rita Ora

Talking to the stars, felt heaven in my heart
With both feet on the ground, with both feet on the ground
See I've had better days, but in my head I'll say
Keep both feet on the ground, keep both feet on the ground

But suddenly you came along, and showed me all my fears were wrong
You gave me somewhere I could belong
Somewhere to belong

Oh I know I'm not lonely tonight, lonely tonight
I don't have to worry, cos you're my flame in the darkness (oh)
I know I'm now under your light, I'll be all right
I don't have to worry (Don't worry) cos you're my flame in the darkness (oh)

Oh my flame
Flame, flame
Flame in the darkness oh
Flame, you're my
Flame
Flame
Flame in the darkness

Cos I know that wherever I go
No I'm not on my own
You'll guiding me home
Be guiding me home
You're the air that I breathe
You struck a fire in me
I thought the truth was out of reach (So out of reach, out of reach)
Oh

But suddenly you came along
And showed me all my fears were wrong
You gave me somewhere
I could belong
Somewhere to belong (Somewhere to belong)
Oh

Oh I know I'm not lonely tonight, lonely tonight
I don't have to worry, cos you're my flame in the darkness
Oh, I know I'm under your light
I'll be all right
I don't have to worry (Don't worry), cos you're my flame in the darkness

Oh my flame
Flame
Flame
Flame
Flame
Flame in the darkness oh
Flame, you're my
Flame, you're my
Flame
Flame in the darkness oh

Talking to the stars, felt heaven in my heart
With both feet on the ground, with both feet on the ground

See I've had better days, but in my head I'll say
Keep both feet on the ground, keep both feet on the ground (yeah)
