

Love & War

Rita Ora

Theres something bout you I can't explain
You give me love and take it away
I see you like this game that we play-ay-ay-ay
And yo this fighting shit is getting too old
And you're gon find yourself left out in the cold
It's time to straighten up or you can move on on on on yeah

(Yea, it's something crazy 'bout the way we love to hate each other)

I don't wanna fight anymore

(Everyday we fighting like the navy, baby maybe we can save each other)

I don't wanna fight anymore

You go off, I go off and you mad of off nothing

I don't wanna fight anymore

Can't we just make love, and not war.

Baby there's something about you

You go that good shit I don't wanna give up

It's too good to give it away-ay-ay-ay-ay

Yeah I'm feeling we're just coming too close

Who's wrong or right this is outta control

I'm not perfect but I'm tired of this bullshit

Lets move on

White flag, ah-ahaaa-ahaah

White flag, ah-ahaaa-ahaah

I'm waving a white flag ah-ahaaa-ahaah

White flag

Anymore, anymore, anymore, anymore boy

I don't wanna fight anymore

Anymore, anymore, anymore, anymore boy

I don't wanna fight anymore

(Yea, it's something crazy 'bout the way we love to hate each other)

I don't wanna fight anymore

(Everyday we fighting like the navy, baby maybe we can save each other)

I don't wanna fight anymore

You go off, I go off and you mad of off nothing

I don't wanna fight anymore

Can't we just make love, and not war.
