Mood

Rita Ora

Been a long time I ain't been in love
Little off, little off, little off
Hope it ain't love you're looking for (Yuh)
'Cause I got something else here for ya

Look at my body, it's physical
Gonna be naughty, yeah, let it go
Hope it ain't love you're looking for (Yuh)
'Cause I been there, done that, and I know

Oh, what's new, what's good, whatsup?
What's the mood 'cause I'm changing it all up

Hmm, let me fuck up the mood
Mood, mood, mood, I switch it up so good
Hmm, I know you want it too
Stop fronting, you're in the mood?
Good, good

I switch it up so good
I switch it up so good
You getting up on my, up on my, up on my mood
I switch it up so good
I switch it up so good
You getting up on my, up on my
Good, good

Stripping on poles, hotel rooms
In it for more if you're feeling rude
We getting along, I knew we would (Yuh)
And I got some ideas for ya

Switch it up, switch it up, switch it up (Yuh)
Fuck it up, fuck it up, fuck it up (Yuh)
Here down, here down to turn up your vibes
And you know my intentions, don't ya?

Yeah, what's good, what's new, whatsup?
What's the mood when we change it all up?
Ooh no no uh
What's the mood 'cause I'm changing it all up

Hmm, let me fuck up the mood
Mood, mood, mood, I switch it up so good
Hmm, I know you want it too
Stop fronting, you're in the mood?
Good, good

I switch it up so good
I switch it up so good
You getting up on my, up on my, up on my mood
I switch it up so good
I switch it up so good
You getting up on my, up on my

Hey, yo no quiero tu amor
Pero voy a comprarte anillos, diamantes

Ropa de marca, Dolce & Gabbana
Prada, Channel, Christian Dior
Pedime lo que quieras, llega rápido
Matando tiburones y cocodrilos
Millonario, el niño latino

Bitch muévelo, muévelo
Tú no estás buscando amor, tampoco lo busco yo
Fuma hooka, weed, wax, también vaporizador
Mete tres en un Backwood y se lo fuma to', fuma to'

Bitch muévelo, muévelo
Tú no estás buscando amor, tampoco lo busco yo
Fuma hooka, weed, wax, también vaporizador
Mete tres en un Backwood y se lo fuma to', fuma to'

Yeah, yeah
Te dejo que manejes la situación
Pero mi cuello está frío como mi corazón
Solo por esta noche tú vas a ser my girl
Ese mood está bien, okay

Hmm, let me fuck up the mood
Mood, mood, mood, I switch it up so good
Hmm, I know you want it too
Stop fronting, you're in the mood?
Good, good

I switch it up so good
I switch it up so good
You getting up on my, up on my, up on my mood
I switch it up so good
I switch it up so good
You getting up on my, up on my

I switch it up so good
I switch it up so good
You getting up on my, up on my, up on my mood
I switch it up so good
I switch it up so good
You getting up on my, up on my, up on my mood
