

# Uneasy

Rita Ora

Why do I keep falling, keep installing bullshit in my mind  
When waterproof mascara is the key to stop those tell tell signs  
My make up is my armor for the dramas that I always fight  
Attire is inspired is the other statements of my life

I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy

Oh oh oh, yea, yea, yea, yea

In the know it's crazy whenever I get myself in that zone  
But I know you gotta remember London let's just put them on  
This, and if it gets easy, then I feel so uneasy  
But I know you'll never forget the fact is that I walk alone

I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy

Oh oh oh, yea, yea, yea, yea

I feel a rush on me  
Come get this cuffs off me  
Come get me out of my head  
And I'm stuck in sight on what I see  
These bulls are blinding me  
Makes me crazy, I'm feeling uneasy

I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy

Oh oh oh

I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy  
I just can't free my mind  
It's making me uneasy

Oh oh oh, yea, yea, yea, yea
