

He Will

Rita Springer

Do you need Healing
Do you need to be saved
Are you caught in the wilderness or stuck in a grave
Do you question He will answer prayers you have prayed
You can borrow my faith

Cause He will I promise
He will I know it
I believe it I will speak it
Even before I have seen it
He will
He will

No room for questions
No room for doubt
I know the God who pulls harvest from drought
Not a single prayer will fall down to the ground
Oh I'm believing it now

He will I promise
He will oh I know it
I believe it I will speak it
Even before I have seen it
He will
Oh yea I know He will

He shuts the mouths of lions
He tears down every giant
He stands with us in fire
Even before I can see it
He will
He rescues every captive
He breaks the back of bondage
He'll finish what he's started
Even before I can see it
He will

He shuts the mouths of lions
He tears down every giant
He stands with us in fire
Even before I can see it
He will
He rescues every captive
He breaks the back of bondage
He'll finish what he's started
Even before I can see it
He will

He will I promise
He will I know it
I believe it I will speak it
Even before I have seen it
He will

Oh I know He will
I know He will
