

Light

Rita Springer

You have a way of taking disappointment
Making it an anthem of hope
You have a way of opening the promise
Even when the door is still closed

It's what You do, it's who You are
You are like a wildfire in the dark
It's how You move, it's how You work
You can change the whole thing with one word

Light
Let there be light
Open my eyes
Let there be light

You have a way of coming with a breakthrough
Even when I've run out of time
You are the hero running to my rescue
Moving, moving at the speed of-

Light
Let there be light
Open my eyes
Let there be light
Light
Let there be light
Open my eyes
Let there be light

It's what You do, it's who You are
You are like a wildfire in the dark
It's how You move, 'cause it's Your heart
You are like a million burning stars
It's what You do, it's who You are
You are like a wildfire in the dark
It's how You move, 'cause it's Your heart
You are like a million burning stars

Light
Let there be light
Open my eyes
Let there be light
Light
Let there be light
Open my eyes
Let there be light

Let there be light
