

Like You Jesus

Rita Springer

I want to be like you Jesus
To walk in all your holy ways
No matter what you ask me Jesus
I'm willing to obey

Set my face as flint before you now
My life I recommit here as I bow
I love it when you gently kiss my brow
And whisper it's all right

I need to see more of Jesus
Just to feel your presence moves my soul
I will follow where you lead me
And simply ask for more

I will serve you
I will bow
I will put all my hope in you
