

## Made For This

Rita Springer

I can heal myself  
I was made for this  
When you turn I turn  
When you burn I burn

If the rocks cry out  
I must raise my shout  
If your creatures bow  
I will join them now

All my bone's on fire  
I can't get enough  
When you dance I dance  
Turn the music up

If the rocks cry out  
I must raise my shout  
If your creatures bow  
I will join them now

I was made for this  
I was made for this  
I was made  
This is what I was made for

Every breath I take  
Every sound I make  
You should have my praise  
You're my DNA

If the rocks cry out  
I must raise my shout  
If your creatures bow  
I will join them now

I was made for this  
I was made for this  
I was made  
This is what I was made for
